## 1. PRODUCT AND COMPANY IDENTIFICATION

### Product identifier

|                     |                                               |
|---------------------|-----------------------------------------------|
| <b>Product Name</b> | <b>Roux Fanci Full Rinse #26 Golden Spell</b> |
| <b>Bulk Number</b>  | 4590071005                                    |
| <b>Brand</b>        | Revlon Professional                           |
| <b>Category</b>     | Hair                                          |

### Other means of identification

|                       |        |
|-----------------------|--------|
| <b>Physical state</b> | Liquid |
|-----------------------|--------|

|                    |      |
|--------------------|------|
| <b>UPC Code(s)</b> | xxxx |
| <b>Synonyms</b>    | None |

### Recommended use of the chemical and restrictions on use

|                        |                          |
|------------------------|--------------------------|
| <b>Recommended Use</b> | No information available |
|------------------------|--------------------------|

|                            |                                                                                                                                                                                                                                                  |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Restrictions on use</b> | This industrial Safety Data Sheet is not intended for consumers and does not address consumer use of the product. Please read the labeling on the consumer package for proper use of this material. For external use only. Use only as directed. |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                             |                          |
|-----------------------------|--------------------------|
| <b>Uses advised against</b> | No information available |
|-----------------------------|--------------------------|

### Details of the supplier of the safety data sheet

|                      |        |
|----------------------|--------|
| <b>Supplier Name</b> | Revlon |
|----------------------|--------|

|                         |                                 |
|-------------------------|---------------------------------|
| <b>Supplier Address</b> | 2121 Route 27, Edison, NJ 08818 |
|-------------------------|---------------------------------|

|                              |                |
|------------------------------|----------------|
| <b>Supplier Phone Number</b> | (732) 287-1400 |
|------------------------------|----------------|

|                             |                                                                                   |
|-----------------------------|-----------------------------------------------------------------------------------|
| <b>Supplier Information</b> | Revlon Research Center 2121 Route 27 Edison, NJ 08818 Telephone #: (732) 287-1400 |
|-----------------------------|-----------------------------------------------------------------------------------|

### Emergency telephone number

|                                        |                                   |
|----------------------------------------|-----------------------------------|
| <b>Chemical Emergency Phone Number</b> | 703-527-3887                      |
| <b>Company Emergency Phone Number</b>  | Chemtrec 1-800-424-9300           |
| <b>Emergency Telephone Number</b>      | Medical Emergencies: 303-739-1110 |

|                                   |                                                                                                        |
|-----------------------------------|--------------------------------------------------------------------------------------------------------|
| <b>Emergency Telephone Number</b> | Medical Emergencies: 303-739-1110 CHEMTREC: 1-800-424-9300 or 703-527-3887 (spill related emergencies) |
|-----------------------------------|--------------------------------------------------------------------------------------------------------|

## 2. HAZARDS IDENTIFICATION

### Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

|                                           |            |
|-------------------------------------------|------------|
| Acute toxicity - Inhalation (Dusts/Mists) | Category 4 |
| Corrosive to Metals                       | Category 1 |

### GHS Label elements, including precautionary statements

| Emergency Overview                                                                |                          |                                      |
|-----------------------------------------------------------------------------------|--------------------------|--------------------------------------|
| <b>Signal word</b>                                                                | <b>Warning</b>           |                                      |
| <b>Hazard statements</b><br>Harmful if inhaled<br>May be corrosive to metals      |                          |                                      |
|  |                          |                                      |
| <b>Appearance</b>                                                                 | No information available | <b>Physical state</b> Liquid         |
|                                                                                   |                          | <b>Odor</b> No information available |

### **Precautionary Statements - Prevention**

Avoid breathing dust/fume/gas/mist/vapors/spray  
Use only outdoors or in a well-ventilated area

### **Precautionary Statements - Response**

#### **Inhalation**

IF INHALED: Remove person to fresh air and keep comfortable for breathing  
Call a POISON CENTER or doctor if you feel unwell

### **Precautionary Statements - Storage**

None

### **Precautionary Statements - Disposal**

None

### **Hazards not otherwise classified (HNOC)**

Not applicable

### **Other information**

Causes mild skin irritation

### **Interactions with Other Chemicals**

No information available.

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical name            | CAS-No    | Weight-% | Trade Secret |
|--------------------------|-----------|----------|--------------|
| Hexylene glycol          | 107-41-5  | <5       | -            |
| Dicetyldimonium Chloride | 1812-53-9 | <1       | -            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

## **4. FIRST AID MEASURES**

### **First aid measures**

|                     |                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| <b>Skin contact</b> | Wash skin with soap and water.                                                                                       |
| <b>Inhalation</b>   | Remove to fresh air.                                                                                                 |
| <b>Ingestion</b>    | Rinse mouth immediately and drink plenty of water.                                                                   |

### **Most important symptoms and effects, both acute and delayed**

|                                            |                           |
|--------------------------------------------|---------------------------|
| <b>Most Important Symptoms and Effects</b> | No information available. |
|--------------------------------------------|---------------------------|

### **Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to Physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

## **5. FIRE-FIGHTING MEASURES**

### **Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

### **Unsuitable extinguishing media**

CAUTION: Use of water spray when fighting fire may be inefficient.

### **Specific hazards arising from the chemical**

No information available.

### **Explosion Data**

**Sensitivity to Mechanical Impact** None.

**Sensitivity to Static Discharge** None.

### **Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Use personal protective equipment as required. Ensure adequate ventilation. Take precautionary measures against static discharges. See section 8 for more information. Avoid breathing vapors or mists. Avoid breathing dust/fume/gas/mist/vapors/spray.

### Environmental precautions

**Environmental precautions** Local authorities should be advised if significant spillages cannot be contained. Do not flush into surface water or sanitary sewer system.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Prevent product from entering drains. Take precautionary measures against static discharges. Keep in suitable, closed containers for disposal. Take up with sand, earth or other non-combustible absorbent material. Use personal protective equipment as required.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Handling** Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapor or mist. Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with eyes. Refer to Section 8.

### Conditions for safe storage, including any incompatibilities

**Storage** Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers.

**Incompatible Products** None known based on information supplied.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

**Exposure Guidelines** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

| Chemical name               | ACGIH TLV                                                                                                                             | OSHA PEL                                                              | NIOSH IDLH                                        |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------|---------------------------------------------------|
| Hexylene glycol<br>107-41-5 | STEL: 50 ppm vapor fraction<br>STEL: 10 mg/m <sup>3</sup> inhalable<br>particulate matter, aerosol only<br>TWA: 25 ppm vapor fraction | (vacated) Ceiling: 25 ppm<br>(vacated) Ceiling: 125 mg/m <sup>3</sup> | Ceiling: 25 ppm<br>Ceiling: 125 mg/m <sup>3</sup> |

### Appropriate engineering controls

**Engineering Measures** Ventilation systems Ensure that eyewash stations and safety showers are close to the workstation location

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** No special protective equipment required.

**Skin and body protection** None under normal use conditions. None required for consumer use.

**Respiratory protection** If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. Ensure adequate ventilation.

**Hygiene Measures** Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Physical and Chemical Properties**

|                                               |                                 |                       |                          |
|-----------------------------------------------|---------------------------------|-----------------------|--------------------------|
| <b>Physical state</b>                         | Liquid                          | <b>Odor</b>           | Characteristic           |
| <b>Appearance</b>                             | Opaque dark brown-yellow liquid | <b>Odor Threshold</b> | No information available |
| <b>Color</b>                                  | Dark brown-yellow               |                       |                          |
| <b><u>Property</u></b>                        | <b><u>Values</u></b>            | <b><u>Remarks</u></b> | <b><u>Method</u></b>     |
| <b>pH</b>                                     | 2.5-3.0                         |                       |                          |
| <b>Melting / freezing point</b>               | No data available               | None known            |                          |
| <b>Boiling point / boiling range</b>          | No data available               | None known            |                          |
| <b>Flash Point</b>                            | > 100 C / 212 F                 | CC (closed cup)       |                          |
| <b>Evaporation Rate</b>                       | No data available               | None known            |                          |
| <b>Flammability (solid, gas)</b>              | No data available               | None known            |                          |
| <b>Flammability Limit in Air</b>              |                                 |                       |                          |
| Upper flammability limit                      | No data available               |                       |                          |
| Lower flammability limit                      | No data available               |                       |                          |
| <b>Vapor pressure</b>                         | No data available               | None known            |                          |
| <b>Vapor density</b>                          | No data available               | None known            |                          |
| <b>Specific Gravity</b>                       | No data available               | None known            |                          |
| <b>Water Solubility</b>                       | Soluble in water                |                       |                          |
| <b>Partition coefficient: n-octanol/water</b> | No data available               | None known            |                          |
| <b>Autoignition temperature</b>               | No data available               | None known            |                          |

**Other Information**

**VOC Content (%)** No data available

**Particle Size** No data available

**Particle Size Distribution**

## 10. STABILITY AND REACTIVITY

### Reactivity

No data available.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

### Conditions to avoid

None known based on information supplied.

### Incompatible materials

None known based on information supplied.

### Hazardous Decomposition Products

None known based on information supplied.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

Specific test data for the substance or mixture is not available.

#### Inhalation

Specific test data for the substance or mixture is not available.

#### Eye contact

Specific test data for the substance or mixture is not available.

#### Skin contact

Specific test data for the substance or mixture is not available.

#### Ingestion

Specific test data for the substance or mixture is not available.

#### Component Information

| Chemical name               | LD50 Oral            | LD50 Dermal                                         | Inhalation LC50                     |
|-----------------------------|----------------------|-----------------------------------------------------|-------------------------------------|
| Hexylene glycol<br>107-41-5 | = 3700 mg/kg ( Rat ) | = 8560 µL/kg ( Rabbit ) = 12300<br>mg/kg ( Rabbit ) | > 310 mg/m <sup>3</sup> ( Rat ) 1 h |

### Information on toxicological effects

#### Symptoms

No information available.

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

#### Sensitization

No information available.

#### Mutagenic Effects

No information available.

#### Carcinogenicity

Contains no ingredient listed as a carcinogen.

#### Reproductive toxicity

No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Target organ effects** Respiratory system. Eyes. Skin. Central nervous system (CNS).

**Aspiration Hazard** No information available.

**Numerical measures of toxicity Product Information**

The following values are calculated based on chapter 3.1 of the GHS document

**ATEmix (inhalation-dust/mist)**  
3.88 mg/l

## 12. ECOLOGICAL INFORMATION

**Ecotoxicity**

The environmental impact of this product has not been fully investigated.

| Chemical name               | Toxicity to Algae | Toxicity to Fish                                                                                                                                                                                              | Toxicity to Microorganisms | Daphnia Magna (Water Flea)    |
|-----------------------------|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|-------------------------------|
| Hexylene glycol<br>107-41-5 |                   | 96h LC50: = 8690 mg/L<br>(Pimephales promelas) 96h<br>LC50: = 10700 mg/L<br>(Pimephales promelas) 96h<br>LC50: = 10000 mg/L<br>(Lepomis macrochirus) 96h<br>LC50: 10500 - 11000 mg/L<br>(Pimephales promelas) |                            | 48h EC50: 2700 - 3700<br>mg/L |

**Persistence and Degradability**

No information available.

**Bioaccumulation**

No information available

| Chemical name               | Log Pow |
|-----------------------------|---------|
| Hexylene glycol<br>107-41-5 | 0.14    |

**Other adverse effects**

No information available.

### 13. DISPOSAL CONSIDERATIONS

#### Waste treatment methods

##### **Disposal methods**

This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

##### **Contaminated Packaging**

Do not reuse empty containers.

### 14. TRANSPORT INFORMATION

#### DOT

##### **Description**

Consumer Commodity ORM-D

#### IATA

##### **Description**

Consumer Commodity, ID8000

#### IMDG

##### **Description**

UN1760, Corrosive Liquid N.O.S. (Stearalkonium Chloride) 8, PG III, Limited Quantity

-

##### **Bulk Description**

UN1760, Corrosive Liquid N.O.S (Stearalkonium Chloride) 8, PG III

### 15. REGULATORY INFORMATION

#### International Inventories

##### **TSCA**

Complies

##### **DSL**

All components are listed either on the DSL or NDSL.

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

#### US Federal Regulations

##### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

##### SARA 311/312 Hazard Categories

###### **Acute health hazard**

Yes

###### **Chronic Health Hazard**

No

###### **Fire hazard**

No

###### **Sudden release of pressure hazard**

No

###### **Reactive Hazard**

No

---

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)
