Eye Contact: Flush eyes immediately with large amounts of lukewarm water for 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek medical attention if redness, swelling, itching, burning or visual disturbances occur.

Skin Contact: If irritation develops and product is on the skin rinse thoroughly with copious amounts of water.. Do not wear contaminated clothing until after it has been properly cleaned. Seek medical attention if redness, swelling, itching, or burning persists.

Inhalation: Remove to fresh air at once. Under extreme conditions, if breathing stops, administer artificial respiration and seek medical attention.

Ingestion: Do not induce vomiting. Contact ChemTrec at +1(703)527-3887 or the nearest Poison Control Center or local emergency number. If vomiting occurs spontaneously, keep victim's head lowered (forward) to reduce the risk of aspiration.

Notes to Physician: Treat symptomatically.

Most important symptoms/effects, both acute and delayed: No acute or delayed symptoms or effects occur when handling this product.

5. FIRE AND IGNITION INFORMATION

Burn Rate: Not determined.

Extinguishing Media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special Fire Fighting Procedures: When involved in a fire, this product will ignite readily and decompose to produce carbon oxides.
First responders should wear eye protection. Structural fire fighters must wear full protective equipment and MSHA/NIOSH-approved self-contained breathing apparatus. Use a water spray or fog to reduce or direct vapors. Water may not be effective in actually extinguishing a fire involving this product. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas. If necessary, rinse contaminated equipment with soapy water before returning to service.

Unusual Fire/Explosion Hazard: This product is a Flammable liquid. When involved in a fire, this product will ignite readily decompose to produce to carbon oxides. Vapors of this product are heavier than air and may travel to a source of ignition and flash back to a leaking or open container.

Specific Hazards Arising from the Chemical: Not Applicable.

HAZCHEM CODE: 3[Y]E

6. ACCIDENTAL RELEASE MEASURES

- Personal Precautions:** Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. Avoid inhalation of dust and vapors. Remove all sources of ignition. Ensure adequate ventilation. Use personal protective equipment. See also Section 8.
- Methods for Cleaning Up:** For small spills (e.g. < 1 gallon (3.785 liters)) wear appropriate personal protective equipment (e.g. goggles, gloves). Maximize ventilation (open doors and windows) and secure all sources of ignition. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state, and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse.
- For spills $\geq$ 1 gallon (3.785 liters), deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g. sand or earth). Use ONLY non-sparking tools for recovery and cleanup. Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.
- Environmental Precautions:** Do not flush to sewer. Local authorities should be advised if significant spillages cannot be contained.

7. HANDLING AND STORAGE

- Work & Hygiene Practices:** Use in a well-ventilated location (e.g. local exhaust ventilation, fans). Avoid breathing mists or sprays of this product. Do not eat, drink, or smoke while handling this product.
- Handling:** Keep container closed. Avoid contact with skin and eyes. Do not breathe dust or aerosol. Provide appropriate exhaust ventilation at machinery and at places where dust can be generated. Do not create a dust cloud by using a brush or compressed air.
- Storage:** Keep in a dry, cool and well-ventilated place. Keep away from heat and sources of ignition. Keep in properly labeled containers.
